March 31, 2006

*Dear Mr. & Mrs. Ohanessian
Laguna Niguel, CA*

With your generous donation of \$1,500.00 you will help to make the difference in the lives of so many Armenian children who are desperate to get Western Armenian higher education at the Melkonian Educational Institute in Cyprus.

We take this opportunity to convey the purpose of the publication of our periodic Newsletter.

- To educate our communities throughout the world and update their information.*
- That, opening of new daily schools in the United States is not the answer. We know it and everybody knows it. The United States is only a part of the Diaspora.*
- Closing of the Melkonian School of Cyprus, in that part of the world is wrong. The consequences are irreversible and there will never be another Melkonian Brothers.*
- The unique opportunities to save the Western Armenian Language and Culture within the European Armenian community will be lost forever.*

This is our mission and on the basis of our convictions, our organization was established two years ago.

We will persevere, as long as we have the financial support of good people like you.

Thank you again, and we look forward to your continued aid.

Sincerely,

The secretary of Melkonian Alumni and Friends.
